FISHER SCIENTIFIC

PRICE:

SEE ATTACHED

TERMS:

NET 30

EFFECTIVE DATES:

10/21/2004 THROUGH 10/20/2006
CONTRACT PERIOD IS FOR TWO YEARS, WITH FOUR ONE-YEAR OPTIONS
TO RENEW AFTER 10/20/2006.

DAYS REQUIRED FOR DELIVERY:

2 - 14 DAYS ARO

PRICE GUARANTEE PERIOD:

6 MONTHS

MINIMUM ORDER:

NONE

ORIGINATING SOLICITATION:

BV5905 OPENED 08/17/2004 AT 3:00 P.M.

REVISION #1: PLEASE NOTE NEW REMIT TO ADDRESS.

**THIS IS A MULTIPLE AWARD CONTRACT.
PLEASE SEE CONTRACTS
MA121 AND MA412
BEFORE MAKING A PURCHASING DECISION.**

This contract is intended for general laboratory use. This contract is not intended to be used for Industrial Hazmat or Safety Equipment and Supplies.

TRANSPORTATION TERMS:

Freight charges to the State of Utah for all franchised contract items are FOB destination, charges prepaid and absorbed by Fisher. For non-contracted and third party items, freight shall be FOB shipping point, prepaid and charged to the State of Utah; however, Fisher will continue to absorb freight charges on Acros Organics. Non-standard charges (e.g., over-night, rush, air freight, special handling/packaging, ice hazardous, etc.) charges will be paid by the State of Utah. No minimum order charges will apply; nor is there a minimum order requirement for Fisher to absorb freight under the above terms

Fisher Scientific will waive any minimum order charge for (Customer). Fisher Scientific will ship FOB destination and prepay and absorb (PPA) all transportation charges for (Customer) with the following exceptions:

1. **Premium Freight-** Fisher Scientific will charge the customer freight when "rush" shipments are requested. These charges will be documented at the customer's request.
2. **Hazardous Material Handling Fee** – The hazardous material charge is a single \$19.00 charge per order regardless of the number of lines in the order, and regardless of the number of shipments required to fulfill the order. This flat-fee charge covers the costs Fisher incurs to handle hazardous material.
3. **Non-Contract Freight-** It is important to recognize that Fisher Scientific uses the terms "contract" and "non-contract" freight internally to categorize products. In general contract items are routine items shipped from a Fisher warehouse that do not require extraordinary freight handling. Non-Contract refers to items that are typically exceptionally hazardous, require overnight or second day shipping and/or ice, or items that ship direct from the manufacturer and we cannot control freight.

As a result of our efforts to expand Fisher's product offering, we now compete in commodities that transcend our traditional offering. Typically these products compete with direct sellers who charge freight on all orders. A good example is our Acros line that competes in the Organic Chemical business. Fisher considers these vendors "non-contract" and therefore exempt from PPA status. These shipments will be coded Prepay and Charge (PPC).

4. **Ice Charges-** An ice and handling charge will be added to orders requiring dry ice packaging
5. **Direct Ship Fee-** On drop ships from vendors, we will pass along any additional charges charged to Fisher by the vendor.
6. **Integrity Packaging Fee-** Shipments that require refrigeration (e.g., Cell Culture Media) will be assessed a fee.

Our standard freight charges to all (Customer) locations are F.O.B. destination, charges prepaid and absorbed by Fisher. Exceptions would include non-contract freight, hazardous material fees, ice charges, emergency next day air shipments requested by (Customer), or other special customer requests.
